A high-angle, top-down photograph of a woman swimming in a pool. She is wearing a black, patterned one-piece swimsuit and a black swim cap. Her right arm is raised, and she is moving towards the left side of the frame. The pool's floor is covered in a mosaic of light blue and white square tiles. The water is clear and blue, with ripples and reflections of light. In the top left corner, there are some green leaves of a plant. A dark, semi-transparent rectangular box is overlaid on the right side of the image, containing white text.

NOIDA: To speed up world class infrastructure in sector 150- which is considered as NCR's greenest sector, the Noida Authority top brass reviewed all projects.

On explaining the details Noida Authority on Sunday said that developed over 600 acre land, sector 150 will be the greenest sector of NCR. 80 percent of the sector will be green while with

42 acre, one of the biggest park in the country is also being developed in the same sector. Apart from that the authority has also planned to develop Sports city.

The Authority has also proposed Sports City project, which is being developed by Lotus Greens Developer. "The low-density Sports City, which is developed on 300 acres at a cost of over Rs 2,300 crore, will offer recreational as well as residential facilities. A separate provision for a permissible ground coverage and FAR (Floor Area Ratio) has been proposed as per the Building Regulations Act of Noida and its Master Plan 2031," a senior official, who attended the meeting said this Sports City will go a long way in establishing sporting infrastructure and become a sports destination. "In today's living standard, people have dropped physical activities. Space crunch is also another reason behind it. Some groups are running Rahgiri. Our idea is to offer sports more accessible to the population and to promote healthy living. The proposed sports city will provide a platform to both professionals as well as aspiring youngsters," said the official.
